Experience

2026 to now

caedux CEO and co-founder

Grant management software. From opportunity to acquittal, manage every grant with confidence. Co-founded with Victoria Pham (COO). caedux.com

2024 to now

Independent Full-stack developer

- CoMA (UK): took over the WordPress shop and its custom plugin; rebuilt the plugin, added product filtering and tests, and set up a development workflow.
- Straddle Poker: built a poker tournament timer from database to interface on Cloudflare Workers, designed with R A A D Studio de Création.
- *The Parts We Give*: wrote a pixel-art browser game for FABLE ARTS and Christine Pan.
- Earthly Futures: built the events calendar and booking flow, and redesigned the header and footer.
- Jack Farman: designed and built a portfolio in French and English, with a map for Le Koinpost.
- Niki Johnson: moved her site to Squarespace, restyled it and added new pages.

2026 to now

Runway Journal Digital producer

Build commissioned works into Runway's site: *Subtitles* by Agus Wijaya (subtitles that follow the cursor, in four languages, with audio description), *Hum of the Lone Bee* by Jacqui Shelton (a soundscape that builds as the reader scrolls), and *Tonight, I dreamt…* by Isabella Hone-Saunders.

2012 to now
